Name: Pankaj V. Gosavi

JOB OBJECTIVE

To establish myself as a successful professional by executing my skills acquired from my academic qualifications, rich experience by personal approach to a given problem. Application of my talents and skills in the new atmosphere with challenging outlook to gain the desired result in a given field.

ORGANISATIONAL EXPERIENCE – 11+ years in java/j2ee and oracle PL/sql

- Company Name - **Virtusa software services pvt.** ltd. Role - Senior technical leader Duration - Feb 2019 to till Date

- Company Name - **Capgemini technology services india Limited** Role – Technical Leader Duration - June 2018 to Feb 2019

- Company Name - **Inbetween services india pvt. Ltd.** Role – Technical Leader Duration - Dec 2017 to June 2018

- Company Name - **Reliance JIO industries Ltd.** Role - manager Duration - Nov 2015 to Dec 2017

- Company Name - **Locationguru pvt. ltd.** Role - Team leader Duration - March 2015 to Oct 2015

- Company Name - **Accenture services pvt.ltd.** Role – Senior Software Engineer Duration - June 2010 to August 2013

- Company Name - **Accord infosystems** Role - Software engineer Duration - April 2009 to June 2010

- Company Name - **GlobeOp financials Pvt. Ltd.** Role - team member Duration - Oct 2007 to Dec 2008

JOB EXPERIENCE

As IT professional worked on complex and critical systems with tight deadlines which mold me into a strong java designer which maps every solution to **GOF** design pattern. Few of the major achievements in my work experience are mentioned below:

➔ Implemented software processes like code repository, standard practices, sprint planning, project plans, best standard tools available in markets, team management.

➔ Designed critical systems with best technical approach to achieve key architectural principles.

➔ Achieved strong expertise in j2ee technology which includes key frameworks like **Spring**, **EJB**, **struts** 1 & 2, **hazelcast**, **hibernate** etc. Preparing for **Oracle Certified Enterprise Architect** and **PMP**.

➔ Worked strongly on database design for complex systems for various DBMS like oracle, mysql, postgres and SQL developer.

➔ Made me Strong in analysis and logical reasoning.

IT SKILLS

Development Language	Java , J2EE
J2EE Framework	Spring boot, spring batch, struts 1 and 2, KDF, hibernate, JPA
Scripting language	node js, perl
Web technology	HTML, javascript, JSP, velocity, DHTMLX, Ext Js, XML, XSLT, servlet , Angular 8
Web/Application Server	Apache Tomcat, Websphere App server, Weblogic Server, JBoss Server
Operating systems	Windows, linux , AIX , Ubuntu desktop,docker
Repository Tools	Tortoise SVN, RabbitCVS, GIT
Editor Tools	Notepad++, Rapid SQL7.5.4, Altova XML Spy, SQL developer , TOAD
Database Products	Oracle, MySql , Postgres and MS SQL server,elasticsearch
DBMS language	PL/SQL and T-SQL
Monitoring Products	Kibana, logstash, filebeat, collectd, grafana and grafite and splunk
NoSQL Databse	Mongodb,Cassandra
IDE	Eclipse, InteliJ
In-Memory cache	Hazelcast
Build tool	Maven,ant , bit bucket
Cloud Technology	Cloud Foundry, aws

EDUCATIONAL QUALIFICATIONS

Program	Institution	Year of Passing	Percentage Obtained
B.E(Computer)	Mumbai University	2004	54.33
H.S.C	Mumbai Board	2000	74.33
S.S.C	Kolhapur Board	1998	85.33

Corporate Training

- ➢ UML and OOAD technology (4 Days)
- ➢ Core Java (4 Days)

PROJECTS

Title: Credit line optimizer
Organisation: Virtusa software services pvt. Ltd.
Client: JPMC

Domain: Corporate Banking
Duration: Feb 2019 to till Date
Project Role: Individual contributor
Technology: spring boot, angular 8, oracle , spring batch, cloud foundry, aws , teradata , python
Description:
Calculating corporate credit card usage optimization and suggestion using analytics.

Title: insurance claim management Api
Organizaion: **Capgemini technology services india Ltd.**
Domain: insurance
Project Duration: June 2018 to Feb 2019
Project Role: technical leader
Technology: J2ee
Description:
Design discussion with lead solution consultant. Leading team technically , code review and maintaining code quality.

Title: Publication wizard database publishing
Organizaion: **Inbetween services india pvt. Ltd.**
Domain: Publishing
Project Duration: Dec 2017 to June 2018
Project Role: Designer/Architect
Technology: Dox4j,Java
Description:
Worked on word renderer integration with inbetween business layer using docx4j library.

Title: JIOMoney oracle access manager POC
Organizaion: **Reliance JIO Industries Ltd.**
Domain: Identity access management (IDAM)
Project Duration: May 2016 to Dec 2017
Project Role: Designer/Architect
Technology: Spring
Description:
This is the full proof poc carried out with oracle access manager to test the feasibility with RJIL existing idam system.This project is developed using java, OAM and OID.

Title: Performance Automation tool
Organizaion: **Reliance JIO Industries Ltd.**
Domain: Testing
Project Duration: Jan 2016 to May 2016
Project Role: Designer/Architect
Technology: Spring Batch
Description:
This tool is developed to facilitate QA team for daily operations of performance testing. Technology proposed as spring batch and shell scripting to execute the scenarios. It was challenging project as I has to extend all the framework classes as just configuration wasn't sufficient as it requires parallel executions.

Title: LBS middleware and insta offers
Organisation: **LocationGuru private Ltd.**
Client/Company: Reliance JIO industries Ltd.
Domain:GPS

Project Duration: Mar 2015 to Oct 2015
Project Role: Team leader
Technology: Spring, hibernate
Description:
InstaOffer is platform for offer promotion to the specific application users. Involved in project design and build. Product developed using spring mvc, hazelcast, hibernate, caching and postgres.

Title: ClearStream
Organization: **Accenture India Pvt. Ltd.**
Client/Company: Douche bank
Domain : finance
Project Duration: May 2013 - Sept 2013
Standard Role: Technical leader
Project & Role Description :
This was finance project and my responsibilities were deeply in design area. It includes class and sequence diagram for ILE module.

Title: Emagin Allianz and Importexport(fixen and strengthen)
Organization: **Accenture India Pvt. Ltd.**
Client/Company: Allianz
Domain : insurance
Project Duration: September 2012 - May 2013
Standard Role: Team Lead/Technical Architect
Technology: Spring , Spring Batch
Project & Role Description
Earlier client was using quartz scheduler to schedule offline jobs. Problem with this approach was that client was not able to maintain the status of the jobs executions and retrying execution if failed.for import process a job was configured to fetch files using ftp command on regular events. The solution implemented by accenture for this system was as below:
Implemented spring batch framework and converted all the jobs from java code to configurable xml job files.Also implemented java watch service to monitor files copied or deleted in respective folders.Once event detected import process start.Developed UI screen to import files using JSF framework. Responsible for the deliverable from the team, Guiding the team with technical difficulties.Analysing user stories estimating impact using ADM Estimator, providing estimation and verifying client estimates before sprint completion.
Developing unit testing framework for different types of components .
Developing and monitoring SONAR and Governator rules for maintaining standards.
Developing basic framework for Spring batches to work more on domain specific model
Participated in Design workshops and developed designs for further development Using RSA.

Title:FAST eRating
Organization: **Accenture India Pvt. Ltd.**
Client: AT &T
Domain: Telecom
Key Responsibilities:
Making team strong in terms of technical skills and functional requirement required for project.
Developing critical components required for project.
Discussing requirements and solutions of business with technical architect. Code review.
Duration: March 2012 to Sep 2012

Title: DataSeeding
Organization: **Accenture India Pvt. Ltd.**
Client: JP Morgan Chase
Domain: Finance
Key Responsibilities:
Preparing technical design document
Making team strong in terms of technical skills and functional requirement required for project.
Developing critical components required for project.
Discussing requirements and solutions of business with technical architect . Code review.
Duration: June 2011 to March 2012.

Title: ORS integration
Organization: **Accenture India Pvt. Ltd.**
Client: Coles
Domain: Retail
Role: Team Leader
Key Responsibilities:
Preparing technical design document
Making team strong in terms of technical skills and functional requirement required for project.
Developing critical components required for project.
Discussing requirements and solutions of business with technical architect.
Code review
Duration: 1st July2010 to 26 May 2011
Description: This project is basically a integration with Oracle real time scheduler (ORS).
ORS is a tool which provides optimized routing path depends upon geo code of location.
Coles retail chain is going to use ORS for routing purpose. Project's main objective is using ORS web service providing routing path. Geo coding will be done using QAS web service.
Solution Environment:
Windows,unix,java/j2ee,oracle 9i PL/SQL, struts, web services, websphere commerce server,SQL developer

Title: Risk Assessment Model
Organization: **Accord InfoSystem**
Client : Crisil
Domain - Banking
Duration: 1st April 09 to 17th June.
Description: It is web based solution which uses Jsp , Servlet and KDF framework . back end used is Oracle 9i. The functionality of this software is to provide credit risk grade to the borrower to whom bank is about to afford loan like facility.

Solution Environment: Windows, Oracle PL/SQL , java/j2ee , KDF (like Struts) ,xml ,eclipse , PLSQL developer

Title: **Exercising Of OptionDeal**
Organization: **GlobeOp Financial Services India Pvt. Ltd**
Duration: Oct 08 – March
Description: This project was undertaken to exercise option deal. Trades are booked and auto loaded in Kondor System. This is enhancement to existing auto load process. Code added in core process to exercise option deal.

Solution Environment : Java,XML, Xsl, cronjob.
Tools: IntelliJ IDEA

Responsibilities:

- Design and development of Exercising Option deal –
  - Requirement analysis, architectural and detailed designing .
  - Preparing UAT document for various test cases.
  - Creating csv specification for trade files .
  - Develop code to work above functionality.

Title: **TU RECONCILATION**
Organization: **GlobeOp Financial Services India Pvt. Ltd**
Duration: Oct 08 – Dec 08
Description: This project aims at reconciliation of trades loaded with code in production and trades loaded with code on UAT in kondor. It ensures whether code changes done are working for all deal types with possible variations. Worked to create procedures for all deal types .

Solution Environment: Java, Shell Script, Ant Script, UNIX, XML , xsl and Sybase T-SQL

Tools: RapidSQL 7.5.4

Responsibilities:
- Writing sybase procedures for all trade types .

Title: **Swap types for All applicable deal types**
Organization: **GlobeOp Financial Services India Pvt. Ltd.**
Duration: Jan 08 – Nov 08
Description: purpose of this project was to add swaptype to kustom window in kondor system through auto load process.

Solution Environment: Java, UNIX, XML, XSL, Sybase

Tools: IntelliJIDEA 7.0.2

Responsibilities:

- Design and development of GDMA -
  - Requirement analysis, architectural and detailed designing
  - Adding code in processing xslt's in java to handle logic for swaptype.

Title: **Adding various functionality to auto load process and developing xslts for new implementations**
Organization: **GlobeOp Financial Services India Pvt. Ltd.**
Duration: Oct 07 – Dec 08
Description: It involves adding various fields to xslt's and in specification and if required then in java code to auto load in kondor for various deal types.

Solution Environment: Java, Shell Script, UNIX, XML, xslt

Tools: EditPlus, Altova XML Spy,IntelliJIDEA 7.0.2

Responsibilities:
- Adding code in xslt's to handle the fields added in specification.
- Execution of Unit Test cases.

PERSONAL DETAILS

Date of Birth   : 6th Jan1983
Mail ID   : gosavi.pankaj.v@gmail.com
Cell No   : 08657428120
Mailing Address   : 10, Kamal Niwas, Sawant Compound 2, JM Road, Kokan Nagar,
                       Bhandup(West),Mumbai-400078

I hereby declare that the details furnished above are true to the best of my knowledge and belief.
